

Wisconsin City/County Management Association Corporate Partnership Program

The Wisconsin City/County Management Association (WCMA) encourages the development and improvement of professional local government management in Wisconsin by advocating and affirming improvements in local government administration and by offering support to its members in their quest for great professional proficiency.

The ongoing success of WCMA is dependent on several factors, but possibly none as important as the continued financial support of our corporate partners. As an Association, we believe that encouraging private sector partnership can enhance our knowledge and understanding of your expertise, services and/or products available to municipalities and counties. We invite you to join us by serving as a sponsor of the Association. Your organization may choose to support WCMA through the **WCMA Corporate Partnership Program** at one of four levels:

❖ Platinum Level	\$6,500 (limited to 2 sponsors)
❖ Gold Level	\$3,500
❖ Silver Level	\$2,500
❖ Bronze Level	\$1,000

Attached is a document that provides an overview of the valuable benefits that correspond with each partnership level. Benefits of membership include access to government decision makers, opportunities to showcase your corporation to local governments, timely news and trends, and more! Membership applications are subject to review and approval of the Board of Directors of the Association. Membership is for one year and based on a calendar year basis, although applications may be accepted and considered at any time throughout the year.

Funds raised through the Corporate Partnership Program will go towards improved educational programs and sessions at conferences, internship opportunities which serve to build the future generation of professional managers, and exciting networking opportunities through fun social events.

If you have any questions, please contact WCMA Executive Director Cory Poris Plasch at 815-753-0972 or e-mail her at cporis1@niu.edu. We look forward to your participation in the **WCMA Corporate Partnership Program**. Thank you for your consideration.

WCMA Corporate Partner Code of Ethics

To further the mission and goals of the WCMA Corporate Partnership Program and to reinforce WCMA's continuing commitment to enhancing the quality and professionalism of local government, a corporate code of ethics (mirroring the ideals embodied in ICMA's Code of Ethics) was adopted by WCMA's Board in December, 2013 to guide Corporate Partners in their activities with WCMA and its members. These principles shall govern the conduct and actions of WCMA Corporate Partners, who shall:

1. Be dedicated to the concepts of effective and democratic local government by responsible elected officials and believe that professional management is essential to achieving these goals.
2. Affirm the dignity and worth of the services rendered by government and maintain a constructive, creative, and practical attitude toward local government affairs.
3. Be dedicated to the highest ideals of honor and integrity in all facets of the relationship, so that the partners merit the respect and confidence of members of the corporate organization and members of WCMA, local government elected officials and employees, and the public.
4. Recognize that the chief function of local government at all times is to serve the best interests of the public.
5. Recognize and support WCMA members' commitment to career-long learning and improvement of local government management techniques.
6. Encourage communication and participation in information-sharing among the private sector, local government, and the public.
7. Resist any encroachment on local government managers' professional responsibilities, believing that professional local government managers should be free to carry out official policies without outside interference or influence.
8. Respect the open, competitive purchasing process of local governments, and provide full value in any goods or services for which public funds are accepted.
9. Neither seek nor grant favors; believe that aggrandizement or profit secured by the use of confidential information, abuse of trust, or the promise of personal enrichment is dishonest.
